PERSONALITIES

Personalities are like colors of the spectrum. The uniqueness of a personality is complemented when viewed with other personalities, just as color is made vivid when contrasted with other colors. Interacting personalities create spirit in a school as blending colors create life in a painting.

Panola School is rich with diverse personalities; and when else do they shine so brightly as that first day of school. Somewhere among the tasks of meeting new friends, selecting class schedules, unloading from the first day's bus ride, renewing old friendships and just hanging around the old school yard does the individual personality show through. The intermixing of these personalities produces our school's identity.

75 Years of Statehood

"A look at our past and a celebration of our future."

The Panola Bearcat staff proudly dedicates this yearbook to all Oklahomans. As we celebrate our 75th year of statehood, we are thrilled with the fact that we are who we are, and with what we stand for.

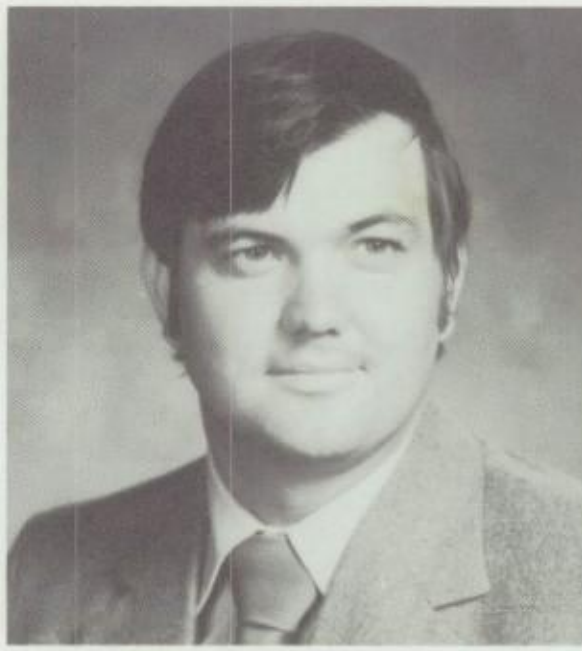

We have come a long way from being known as a "poor Okie." The citizens of our state are among the finest in the nation. We have excelled in many national events and causes. We are proud to have reared such famous people as humorist Will Rogers; astronaut, Gordon Cooper; Miss America, Susan Powell; actor, James Garner; country singers, Reba McIntire and Roy Clark; and evangelist, Oral Roberts.

From our rich oilfields to our leading universities — from our top-rated sports teams to our world known medical centers, Oklahoma is truly the golden land of opportunity.

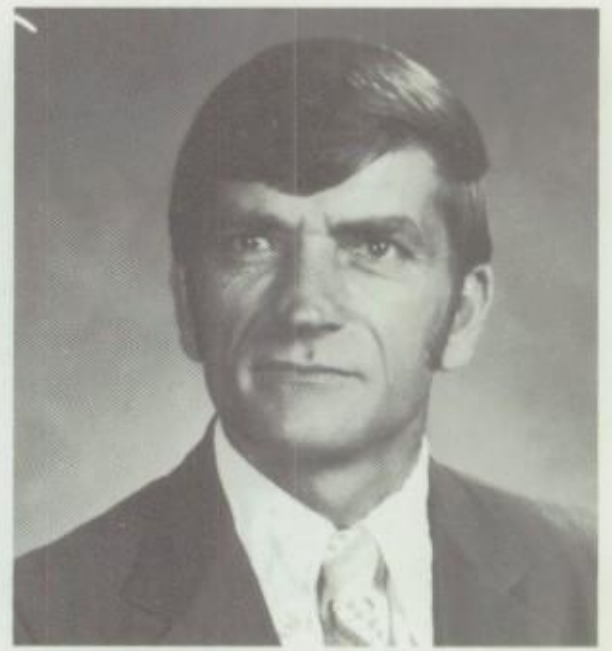

So to all of US, we proudly dedicate our 1981-82 Bearcat.

Panola 4-Hers Attend Conference

Two of Panola's 4-Hers, Roger Hammons and Beverly Cox were selected to attend the 4-H America Royal Conference at Kansas City, Missouri. They represented the Latimer Co. 4-H Club.

On Sunday, November 15, they boarded a bus at McAlester for the long journey to Kansas City.

Arriving late in Kansas City, they had just enough time to get their luggage in their rooms before going to a state meeting. They were lodged in the Raddisson Melubah, a very old, but nice, hotel.

Representatives from Oklahoma, Kansas, Iowa, and Missouri attended the conference.

After several days of meetings, parties, conferences with other groups, and other activities, Roger and Beverly returned to McAlester.

We congratulate these two students for being selected to attend this worthwhile leadership conference.

Beverly and Roger take time out from their busy schedule to visit to this beautiful shopping mall.

HUSQVARNA CHAIN SAWS

THE WOODS ARE FULL OF THEM.

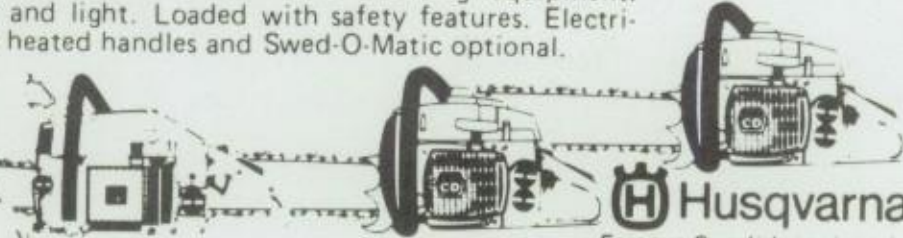

Husqvarna 340SE and 340SG: Super light, super powerful — everything about the 340 is super. Anti-vibration handles, chain break guard in rear handle make it extra safe. Exclusive Husqvarna silencer makes it extra quiet. The Husqvarna 340 is the professional saw that handles like a small saw!

Husqvarna 162: A professional saw that's got a weight-to-power ratio almost impossible to believe. Exclusive Husqvarna anti-vibration and silencing equipment. Slim and light. Loaded with safety features. Electrically heated handles and Swed-O-Matic optional.

Husqvarna 285: At the top end of the medium saw class, this professional saw is slim and compact, yet can compete with the really big saws when it comes to power. Has all the famous Husqvarna features and craftsmanship. Swed-O-Matic optional.

Husqvarna 2100: Most powerful lightweight professional chain saw ever designed. Slim styling and fantastic balance make it easy to handle. Exclusive Husqvarna anti-vibration system and silencer, CD ignition.

A Husqvarna chain saw is an investment in quality.

PERSONALITIES

Personalities are like colors of the spectrum. The uniqueness of a personality is complemented when viewed with other personalities, just as color is made vivid when contrasted with other colors. Interacting personalities create spirit in a school as blending colors create life in a painting.

Panola School is rich with diverse personalities; and when else do they shine so brightly as that first day of school. Somewhere among the tasks of meeting new friends, selecting class schedules, unloading from the first day's bus ride, renewing old friendships and just hanging around the old school yard does the individual personality show through. The inter-mixing of these personalities produces our school's identity.
